

Monday, March 16, 2020

To the MTTI Community,

We have spent the weekend evaluating all situations as new developments arise. The safety and wellness of everyone at MTTI remains our highest priority, while we continue to deliver a quality education to all of our students and uphold MTTI's mission of hands-on learning.

Over the weekend, we have been assessing each program individually and developing contingency plans for each. We want to ensure everyone on the MTTI staff is fully prepared in the event that MTTI did have to close for a period of time. In order to execute a well-thought out plan, we are asking all students (day and evening) to stay home Monday, March 16, 2020. We will be working closely with all faculty and staff to train them on alternative educational delivery methods if a closure is required. We will ask the students to return to school Tuesday, March 17, 2020. At that time, we will have updated information on our plans going forward. We will continue to remain transparent throughout this process as things continue to change.

We appreciate everyone's continued understanding and flexibility during this unprecedented time. We wholeheartedly believe that if everyone in the MTTI family continues to work together and communicate effectively, we will get through this difficult time together.

Please feel free to reach out to your instructor or Student Services Director, Ali Thompson, if you have any questions. Thank you.

Ali Thompson
